

Frogs on Frogs

8+

3-6

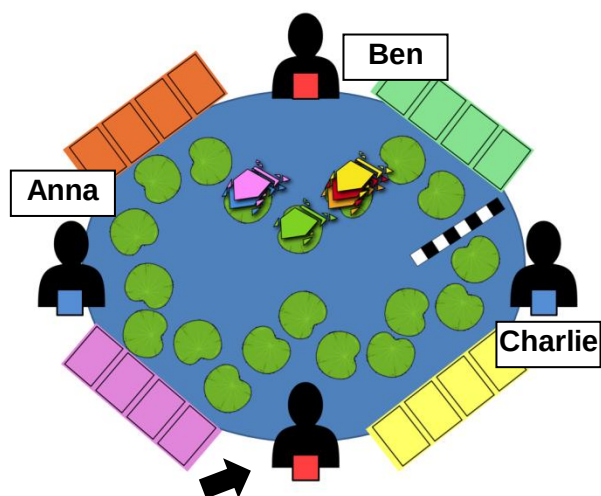

20

A competitive racer where you share something with everyone

Simple-looking – pick a card, move that frog,
but with **three big twists!**

1. Share frogs with each other player

Cooperate on one frog, compete for the rest!

You share **pink** with Anna, **red** with Ben, and **yellow** with Charlie.

3. Frogs on frogs get carried along

Help your opponent forward to carry yourself over the finish line!

2. Share cards with each neighbour

You know half their cards, will you help them or mess with their plans?

If I move **red 2**, Anna might move **pink or blue**, carrying **red and yellow** to victory!
